Subject									
Eliminate various school district requirements; municipal and county sharing									

Assumptions Used in Arriving at Fiscal Estimate

This legislation will eliminates statutory reference to funding of \$80,000 from the Department of Public Instruction to UW-Milwaukee. This reflects the fact that the contract governing this program has ended.

This legislation will also make payments by local school boards for high school students attending UW System campuses discretionary. The University System assumes that, if a local school board does not pay tuition for these students, the students themselves will be responsible for their tuition costs. Thus there will be no tuition loss to the campuses.

Long-Range Fiscal Implications
